APTEAN PROCESS MANUFACTURING ERP PROCESSPRO EDITION

EXTENDED PROFILE

aptean

OVERVIEW

Aptean Process Manufacturing ERP ProcessPro Edition is specifically designed for batch process manufacturers; this includes the cannabis, nutraceutical, pharmaceutical, cosmetic personal care, and specialty chemicals sectors.

Aptean Process Manufacturing ERP ProcessPro Edition links all information in a business intelligence functionality. There is real-time visibility of information, the platform helps to organize and track manufacturing processes, planning, and execution, inventory management, quality assurance, compliance, financials, sales, and more.

It is designed with mission-critical functionality in mind. It includes such options as formula and recipe management, lot traceability, purchasing, and general ledger management to contract management, to name but a few of the functions available.

Aptean Process Manufacturing ERP ProcessPro Edition has a single dashboard that can provide such options as a graphical snapshot of productivity to more granular details of project financials. There is the option to run reports, drill down into transaction details and then share this information.

Aptean Process Manufacturing ERP ProcessPro Edition is available through the cloud or on-premise, with native iOS and Android apps available for use on mobile devices.
