ERPFOCUS

DELTEK VISION

EXTENDED PROFILE

Deltek

OVERVIEW

Deltek Vision is a project-based ERP that manages the complete project lifecycle. It helps automate information flow across teams, streamline workflows, improve efficiency, and support better project outcomes

Vision combines client management, project delivery, reporting, and resource planning to give teams real-time information, project status visibility, and role-based metrics to support faster decisions.

DELTEK VISION APP

The companion app, Deltek Vision Time & Expense, is available on the App Store and Google Play. It supports timesheets, expense reports, approvals, receipt capture, and secure mobile access. A Vision user license is required.

PRICING

Deltek Vision's pricing is requirements-based. Licensing is calculated based on user count (5 minimum), modules, and support tier.

IS DELTEK VISION BEING DISCONTINUED?

Deltek Vision is gradually being phased out as users are encouraged to transition to Deltek Vantagepoint. Vision 7.6 moved into sustaining support in January 2026, which means no new enhancements, hot fixes, or regulatory updates. Cloud access to Vision winds down in Q1 2027.
