ERPFOCUS

ENCOMPIX ERP

EXTENDED PROFILE

aptean

OVERVIEW

Encompix is an ERP for engineer-to-order and custom manufacturers that design and build highly complex products with long lead times and heavy engineering content and it provides mechanisms to plan, analysis and manage cash flow and budgets.

Being modular in design, it can be obtained as a full package or depending on the level of functionality required. Encompix ERP is also available in multi-currency and multi-language and is used multi nationally. All reports and outputs can be configured and customised for business use.
