GODLAN

## OVERVIEW

Prophecy IOT is an Industrial Automation Software on the market created by manufacturing experts with over 30 years of experience in ERP and operations. Prophecy IoT is designed with manufacturing at its core. Prophecy connects with your production floor, no matter what language it speaks, delivering INSTANT and ACCURATE data directly from the machines and equipment. No delays. No human error. Having accurate information allows for faster decisions on machine downtime, production planning, overall equipment effectiveness, quality, and more.
