

MIE TRAK PRO

EXTENDED PROFILE

OVERVIEW

MIE Trak PRO is a manufacturing ERP and MRP developed by manufacturers to streamline production workflows from quoting through to shipping. The system is deployable via the cloud or on-premises.

Out of the box, you receive everything you need from quoting, accounting, MES, MRP, and inventory management to allow your business to become more profitable, quicker.

Personalized dashboards and reports, along with paperless production control and automation, give you total control over your manufacturing process.

COMMON USE CASES

- **Quoting:** Generate detailed quotes using customized material formulas, CAD imports, and real-time labor data.
- **Production scheduling:** Use drag-and-drop tools on a digital whiteboard to schedule jobs, manage work orders, and prevent production bottlenecks.
- **Inventory & SCM:** Track raw materials and finished goods with barcode scanning and automatically generate purchase orders.
- **Real-time job tracking:** Provide customers with instant updates on order status and part completion.
- **Quality control:** Manage quality inspections and track compliance throughout the manufacturing process.

PRE-BUILT INTEGRATIONS

MIE Trak PRO can be tailored to different manufacturing needs, such as job shops and assembly plants. It also integrates with many third-party systems, including:

- Authorize.NET
- Avalara
- UPS Worldship
- FedEx
- HighQA
- PaperlessParts
- SigmaNEST
- SolidWorks
- QuickBooks
